

What to expect for Online Academy

Log into Schoology to see my classes?

Before the first day make sure you can log into your Schoology classes. Schoology courses will populate over the weekend if they have not already for your student's classes. As a parent or guardian, how do I log into Schoology? [Click here for help!](#)

What is required of me? What is my Schedule for the week?

Students who are enrolled in the LSR7 Online Academy will check-in Monday, Tuesday, Thursday, and Friday each morning in Advisory at **8:00 am**. Online Academy students have a more self-directed schedule, however there will be times that teachers ask students to meet for live sessions for clarification or a group work session, students **should attend** these sessions. The minimum requirement for online instruction ("live" sessions) will be laid out by each teacher, with a minimum of twice per week. If they can not attend they need to let their teacher know. Students in the Academy will also have due dates and deadlines just like they would in person so it is important to be aware of those. Please refer back to the Online Academy Expectations for a full list of requirements.
